In our locations we strive to keep everyone coming and going as safe as possible. One way to do this is by conducting bi-annual safety checklists. These are conducted in March and September of each year.

If you have any concerns regarding the safety of our buildings and our staff please be sure to contact a member of the safety committee so that we can suggest appropriate changes or updates to the management staff.

We are also concerned about the safety of our consumers, attendants and nurses in the field. If you are in a consumer’s home and you are witnessing unsafe conditions please be sure to report this to the consumer’s coordinator and a member of the safety committee.

Remember:

Safety is everyone’s responsibility.

When you submit suggestions to the safety committee you are entered into our drawing for our Safety Awards Program!

If you have any safety concerns you can contact any member of the safety committee by emailing us at donsafety@donservices.org.
